TO WHOM IT MAY CONCERN

REF: Nashville Soul Choir

We have been privileged to have performances at CBCX by the Nashville Soul Choir on three different occasions during the last year. The first performance was last year at Christmas for select staff inmates who attended a special holiday dinner. The Choir performed again in the spring of this year at a dinner. The last time was in July when they did a two-set concert for all CBCX inmates.

The Choir has been enthusiastically received by the inmates. It is important for us to have performances by various free-world groups. Such performances have the impact of uplifting the spirits of persons who otherwise are in a very negative setting and struggling with the consequences of their own actions.

I am impressed with the overall attitude, conduct and presentation of the Choir, even down to how dress is appropriate for the setting. I enthusiastically recommend the Choir and look forward to having this outstanding Choir with us again.

Sincerely,

Dr. Dan D. Haskins, Jr.  
Chaplain
