TO WHOM IT MAY CONCERN

REF: Soul Choir

Professionalism and excellence at its height! Those are the first words to come to my mind when I think of this AMAZING group of people that are very humble!!!!

We have been privileged to have performances at the Davidson County Sheriff's Office by the Soul Choir on several occasions during the last year.

As you know, inmates have limited contact with their families while incarcerated. The Soul Choir has gone above and beyond to help bring families together while in jail. We have done concerts for male and female inmates and they were able to invite their families to enjoy the wonderful music the Soul Choir delivered. They have always been willing to do two performances back to back to ensure no inmate was left behind or did not get to hear their music due to our space issues.

We have had people become very emotional during their concerts and talk about them for weeks after, due to their uplifting spirit.

I can not say enough about the Soul Choir! They have an awesome leader in Julie who is absolutely a remarkable woman.

Sincerely,
Shreeti Bickett
Assistant Administrator over Programs
Correctional Development Center- Males.
